Workshop on Building Vibrancy in Entrepreneurship

The department of Pharmacy was organized, one day workshop on the topic Building Vibrancy in Entrepreneurship in the college on 06th May 2019 by Dr. Vishal Kutchu, Senior Associate Professor, Vignana Jyothi Institute of Management studies.

The resource person explained many communities have the elements of an ecosystem, but they remain nascent or disconnected. Their networks may be small, siloed, or fragmented. And their cultures may lack vibrancy, trust, and social cohesion. When such gaps exist, leaders must consider the whole ecosystem and enhance each of its elements. In recent years, these individuals have come to be called "ecosystem builders." He also discussed about Ecosystem builders connect, empower, and collaborate with others to build the whole system. They are system entrepreneurs, working to lift up the whole community to achieve its potential. They play multiple roles, including system architect, champion, advocate, convener, cajoler, traffic cop, air traffic controller, and storyteller. Ecosystem building is emerging as a new profession at the intersection of economic and community development. Successful ecosystem builders must connect traditional, top-down economic development approaches with the grassroots, bottom-up, community-driven environments in which most entrepreneurs thrive. Entrepreneurial ecosystems, at their heart, are based on human relationships. Ecosystem builders are creating an invisible infrastructure in their communities to support entrepreneurs. It's not like traditional infrastructure. It's not about physical spaces, fancy buildings, pools of capital, or big institutions. 44 students participated in this workshop.

“Seminar on Research Strategies: Tools and Methodology”

The department of Pharmacy was organized one day Seminar on **Research Strategies: Tools and Methodology** in the college on 08th Apr 2019 by the Prof. K. Raji Reddy, Professor from Dept. of Commerce and business Management, Kakatiya University

Sir started the session about SPSS Package tools and also how to calculate Correlation, Regression and Percentage Analysis by using these tools. It is very useful for Research Students, and spoken about “Ethics in Research”. In this he given importance to Plagiarism and What is Right and Wrong. He also explained the descriptive data analysis – univariate, bivariate, multivariate and visual aids such as histogram, bar charts, pie charts & line graphs. He also described the difference between parametric and non-parametric tests. In parametric tests he highlighted ttest, z-test, pearson’s product moment correlation, ANOVA, one way ANOVA, two way ANOVA, MANOVA, ANCOVA & biserial correlation. In non-parametric test she highlighted rank correlation, phi coefficient, sign test, etc. 42 Students were participated and gain knowledge in this seminar.

One day Seminar on “Ethical Issues In Intellectual Property Rights”

The Department of Pharmacy organized “One day seminar on **Ethical Issues in Intellectual Property Rights**” on 23rd March 2019. The resource person for the sessions was Dr. BABU RAJENDRA PRASAD SURYADEVARA, Associate Professor and IQAC Co-ordinator, Department of Business Administration, P. B. Siddhartha College of Arts & Science AP.

The resource person delivered a lecture on “Ethical Issues in Intellectual Property Rights”. The main objective of organizing the seminar is to sensitize the students about the issues relating to Ethics and Ethical Issues in IPR. The resource person by quoting real life incidences advised the students to use Copy Rights, Patents etc. the seminar was to inculcate the knowledge about the components of IPR, Scope of Patentability, criteria of patentability, along with the career opportunities in IPR.

One Day Seminar on Design Thinking and the Value Position

The Department of Pharmacy have organised One Day seminar on Design Thinking and the Value Position on 25th Feb 2019 on the topic of Design Thinking and the Value Position was taken by Dr. B. Padma Narayan, Associate Professor, GITAM School of Business.

Successful businesses are making billions by recognizing the value of integrating “design thinking” into their process. Great design is simple, beautiful, and easy to use. It creates a sense of purpose and place. It responds to user needs, and it just works. Aside from these characteristics, how can we know whether a design is “good”? Moreover, how can a business know whether the investment of time and money into a design was worth it.

She explained design thinking was a powerful tool for rethinking and revitalizing strategy—and for driving organizational performance. By placing customers' needs at the center of a product, service, process, or business model, you can reframe strategic challenges and develop more effective solutions. The Value Proposition Canvas and the Value Proposition Canvas are great tools to be used in the design thinking process. They allow you to play what-if games, basically prototype solutions as a means, to help you in understanding the wickedness of your problem. 40 Students were participated and gain knowledge in this seminar.

Training program for Startups & MSMEs on Strategic Management of IPR for MSMEs and Start-ups

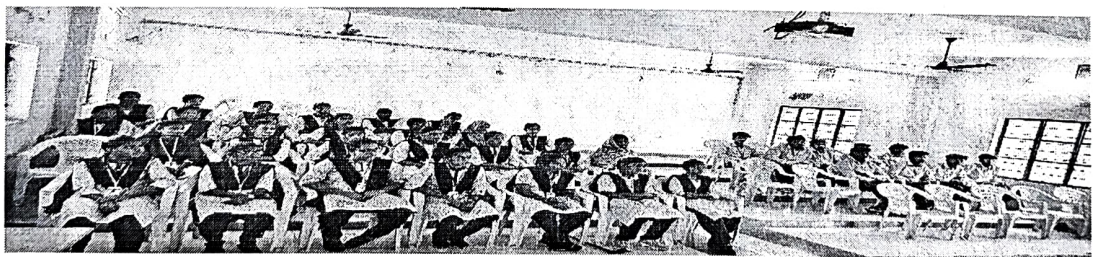

The Department of Pharmacy have organised One Day Training program for Startups & MSMEs on Strategic Management of IPR for MSMEs and Start-ups on 17th Dec 2018 by Dr. G. Syam Prasad, Associate professor & HOD of IT, Narasaraopet Engineering College, AP.

A training program was organized by Mother Teresa Pharmacy College the MSME's and Start ups for registering their IP rights with the support of the Government especially after the implementation of the National IPR policy 2016. The agenda of the training programs wherein eminent speakers were invited to express their views included:

- ✓ Patent Strategies for Entrepreneurs and MSME's.
- ✓ Issues and Challenges for MSME's for patenting in India by MHRD IPR, University of Hyderabad.
- ✓ IP Commercialization Strategies for Entrepreneurs and MSME's.

The speaker provided their valuable inputs for registration of IP rights for the MSE's and Start-Ups. There was also a healthy discussion with the panel on the recent implemented National IPR Policy, 2016. This will also be important for designing the future plans of the MSMEs and startups.

Therefore, that by following a careful and well thought IP strategy, the startups of India can maintain their competitive edge and contribute to attracting more wealth to India. The following sections of this IP Book are designed to help the budding startups and innovators in India. 38 students participated in the program.

One day Seminar on Research Integrity and Publication Ethics

The Department of Pharmacy organized "One day seminar on **Research Integrity and Publication Ethics**" on 27th October 2018. The resource person for the sessions Prof. Rajesh C Jamapala, Professor & Head, Department of Business Administration, P. B. Siddhartha College of Arts & Science, AP.

The esteemed speakers focused on the main aim was to create awareness of Research Ethics among the research fraternity taking a cue from the best practices of students and at the same time upskill them with hands on training in Turnitin, a software tool to detect plagiarism. Speaker to create clear understanding of the ethical boundaries in publication is essential for researchers and authors. Plagiarism, research fraud, undisclosed competing interests, not acknowledging all authors are a few of the issues that can threaten not only the integrity of the science, but also one's standing in the scientific community. Academic theft (intentional or unintentional) is a serious theft /offence demanding no tolerance and in all forms is punishable.

The seminar is an effort to enlighten the all the 44 students regarding publication ethics. The seminar will provide the scholars with an overview on how to up bring an original research work and to understand the core principles of ethical research. Thereby the participant would strive to become an ethical researcher and produce an original quality research work.

“One-day Seminar on Research Methodology”

The Department of Pharmacy have organised One Day Seminar on Research Methodology on 28th Sep 2018 on the topic of Research Problem selection and Research process was taken by Dr. P. Pattabhi Ram, Associate Professor & HOD of MBA, Narasaraopet Engineering College, AP.

Sir began his session with disciplinary models which are based on applied, soft, pure hard social sciences, arts, humanities and sciences. Sir also highlighted about research. He explained that research is not just information gathering, is not rearranging the facts and figures alone and is not playing of words. He focused on what is research, he stresses that research starts with a question or problem, accepts certain basic assumptions, expects critical interpretations, requires unbiased data collection analysis, performs validation, needs articulated documentation and leads to further research. He also talked about types of research i.e. extension or generalization, explanatory (why), description (what, when, who and how), comparative study, life history research, predictive research and evaluation study. He also highlighted online or E-Research. In which he talked about use of research methods to study different aspects of the internet and using the internet to apply research methods for the research questions. Dr. P. Pattabhi Ram also explained to 36 Students on research steps, locating a problem and types of research questions.
